TimePilot
RAUCHMAN

If You Have Ever Dreamed Of A Journey Through Time, Now Is Your Chance

But You'll Have To Earn Your Wings

You are the time pilot. The barriers of time are at your fingertips. Ease up on the eight-way joystick. Move through the blustery clouds while you race against the brilliant sky. Test your fire power . accelerate to Mach 1... Mach 2...

Test your safety strap one last time and prepare for the first of five action-packed stages through time.

The Age of the Biplane

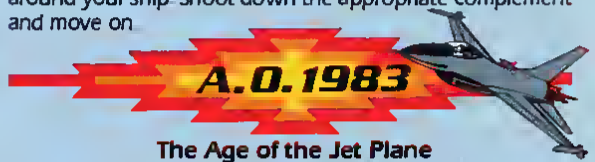
Ancient but annoying biplanes pick away at your sleek jet. Destroy 56 of the nuisances plus 7 direct hits to the mother-ship and escape through the time warp.

The Age of the Monoplane

Faster, more powerful monoplanes swoop down on your craft while mid-size bombers, that can only be destroyed with 4 direct hits, join the fray. Fifty-six downed planes, plus destruction of the mothership bring you closer to the present.

The Age of the Helicopter

Technology creeps in. Highly maneuverable jet range helicopters with deadly sidewinder homing missiles swarm around your ship. Shoot down the appropriate complement and move on.



The Age of the Jet Plane

You have met your match. Before you is the equipment you sit in. It's now a matter of skill, not mechanics. It too has lethal homing missiles poised to prevent you from your ultimate destiny.

The Age of the UFO

You have passed through to the future. Strange ships, with weapons the likes of which human eyes have never seen, confront you. Your future is in their hands.

ADDITIONAL FLIGHT INSTRUCTIONS

- Rescue parachuting pilots for additional points.
- Destroy formations for bonus points.
- Additional planes for the first 10,000 and 60,000 points. Another for every 50,000 points thereafter.
- Pass through all five stages, and start the journey over again (at a faster speed, of course).

AWESOME

The only way to describe the speed, excitement and action of Time Pilot.®
